The Challenge of Modern Payments

The Way Customers Tip Has Changed. Is Your Business Keeping Up?

- Cash is Declining: Fewer customers carry cash, leading to lost tipping opportunities.
- Administrative Burden: Manually handling cash and tips slows down staff and increases errors.
- The In-Person Barrier: You miss out on takeout or delivery payments from remote customers.
- The Trust Equation: Diners want clear, digital records of their payments and tips. Protects employee earnings by preventing tip theft.
- Promotes transparency in tip pooling and distribution.
