# Team Accounts

Managing tip pools at hotel resorts can be complex for both management and staff. Easy Tipping simplifies and enhances the process with powerful team account features:

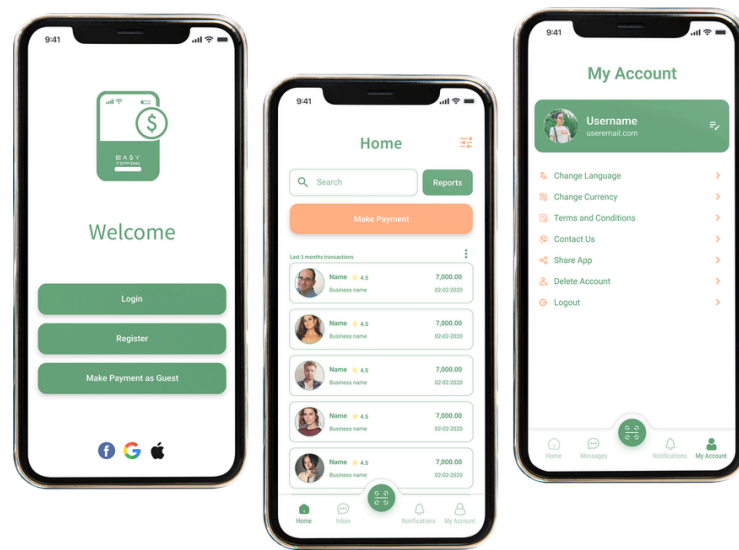

# Team Account Features

- Multiple Tip Pools – Create separate pooling accounts for different departments or teams (e.g., Valet, Housekeeping, Slot Attendants, etc.).
- Flexible Account Setup – The account owner defines payout frequency, manages team membership, and ensures smooth operations.
- Admin Support – Up to five additional admins can be added as backups to support account management.
- Unique QR Codes – Each team member receives a personalized QR code linked to the team's tip pool for direct, secure tipping.
- Real-Time Dashboard – Owners and admins can monitor tips received by each member, track star ratings, customer feedback, and Google reviews.
- Performance Insights – Built-in reporting enables analysis of staff performance and KPIs, providing actionable insights from customer ratings and feedback.
- Transparency & Trust – Tip pooling data is visible and auditable, building confidence among staff and management.

# Tailored for Hospitality Excellence

- ✓ QR-based tipping—no hardware needed
- ✓ Multi-language & multi-currency support
- ✓ Secure, compliant, and data-driven
- ✓ Customizable team or pool tipping options
